072608 Matters requested by councillors:

Community Library

072609 Streetlighting

- a) LP14 broken streetlight - EEQ62 quotation to replace with steel post and new LED £2,415.48, alternative prices approx. £500 to try and fit new LED to the existing post, approx. £1,000 to disconnect and remove, or it has been confirmed it can be left in its current state. Council would need to put a block on the asset so that it could not be reported to North Yorkshire as an issue.
- b) Indication of cost to bring lighting upto roadlighting standard for North Yorkshire Council to adopt is £50,000. The lighting is currently classified as footway lighting – definitions below.

Purpose & Standard: Roadway lighting is designed for vehicular traffic, requiring taller columns (>6 meters) and brighter illumination to prevent accidents. Footway lighting focuses on pedestrian safety in residential areas or alleys, using shorter, widely spaced columns (usually under 6 meters) that cast a softer glow for personal security.

Ownership and Maintenance: Roadway lighting is the legal responsibility of the relevant Highway Authority (e.g., County Councils, Unitary Authorities, or National Highways). Footway lighting is frequently owned and maintained by Local Borough, District, or Parish Councils.
